Request for a pavement concession for the following movements:

Airport Runway

Aircraft Mass (kg)

Tyre Pressure (kPa) No of movements

On/ between / /

Purpose

PCN or Unrated (UR) Permitted tyre pressure (kPa)

Subgrade Category (A, B, C, D or UR) Modified permitted pressure Only if aircraft below 15,000kg (see AGA 8-2 & 8-3)

ACN or Unrated (UR)

I understand that the pavement concession, if approved, will be on the basis that the airport operator will not accept liability for any damage to the aircraft or its occupants which may result from the aircraft exceeding the published pavement rating.

This approval does not provide any operational concession that may required from CASA.

The landing of the Aircraft at Warrnambool Airport indicates acceptance of the above.

The Aircraft Operator is liable for any damage caused to the pavement during operations exceeding the published pavement rating.
