Hangar / Aviation Industrial Sites at Warrnambool Regional Airport the Gateway to Victoria's Great Ocean Road

Warrnambool City Council has just completed its \$5 million Warrnambool Regional Airport Aviation Park Project. This much anticipated upgrade encourages new aviation-related industries to locate on-site, facilitating private investment and helping to drive our region's expanding and diversifying economy.

Key components of the project included:

- Extra taxi-ways, hangar access roads, drainage and essential services to facilitate in excess of 20 additional hangars (subject to configuration) on top of the existing 16 hangars, more than doubling airport hangar capacity
- Upgrades to the airport's grass runway to facilitate year round aircraft access

This development is designed to suit a variety of aviation activities including general aviation, pilot training, health service flights, charter, aerial agriculture, manufacturing and food export and tourism.
