About Simply Singing

Simply Singing is a term based program designed to give parents and carers the opportunity to connect with their child through rhyme and sound as they play, bounce, rock, swing, tickle and sing together in a fun and relaxed environment.

Along with being an enjoyable experience, the program assists with children's language and cognitive development as well as enhancing the emotional connectedness between parent/ carer and child. The aim of the program is to demonstrate the power of using simple oral rhymes and songs can have in providing pleasure to both children and parents.

Our facilitator is also able to assist families in providing further information about additional services offered at Warrnambool City Council and other Community Health Services in Warrnambool and surrounding areas.
