Dear Willy

Ziegler Parade Improvements

Regarding your request for an update on the proposed Ziegler Parade improvements.

Council proposes to improve the road, drainage and parking along Ziegler Parade, Allansford, along the stretch of road where the bakery and motor mechanic are situated.

The work will include significant kerb and channel, pavement strengthening, cycle lanes and stormwater drainage works.

This type of work is ideally done when conditions are dry and we hope to start and complete the project over summer/autumn 2025.

Council has set aside funding of \$500,000 to complete the project.

Please note that in accordance with our Election Period Policy this correspondence will be made available to all Council election candidates via a register at www.warrnambool.vic.gov.au.

From the Policy:

2.7. Access To Council Information And Assistance To Candidates

Council acknowledges that candidates expect Council to respond to their requests for information that relates to the election. Any such requests will be responded to equitably and as though all candidates have made the same request.

Regards
