## Draft Fair Access and Use Policy and Action Plan

Council is exploring ways to improve opportunities for women, girls and other underrepresented groups to participate in community sport and recreation. Currently, women and girls across Victoria do not have equal access to community sport and recreation opportunities.

Council is seeking to address access and use of sporting facilities through its draft Fair Access and Use Policy and action plan as part of the Victorian Government's Fair Access Policy Roadmap.

All councils in Victoria must create a Fair Access Policy to ensure sporting infrastructure and environments are genuinely welcoming, safe and inclusive with women and girls having equitable access to, and use of, sporting infrastructure.

Council is now seeking feedback on its draft Policy and Action Plan which applies to the use of community sporting infrastructure. Visit [www.yoursaywarrnambool.com.au](http://www.yoursaywarrnambool.com.au) to download a copy of the draft policy and action plan.
