HAVE YOUR SAY

How Safe is Warrnambool's City Centre?

Council is in the process of preparing a funding application to State Government for initiatives that improve community confidence in the safety of public places. One such initiative might be the installation of Closed Circuit Television Systems (CCTV) in parts of Warrnambool's City Centre.

To inform Council's funding application to State Government, we are seeking feedback to gauge the perceptions of safety in Warrnambool's City Centre. Your feedback can be made through the completion of an electronic survey available on Council's website or alternatively a survey can be collected from City Assist located in the foyer of Council offices.

The questionnaire will only take 5 minutes or less to complete and will help shape community crime prevention strategies for a safe city centre. For further information please contact Andrew Paton on 5559 4800.
