Hopkins River Hoist

Assisting people with limited mobility to transfer in and out of boats.

A public access hoist has been installed at the Hopkins River jetty off Simpson Street, next to the EJ King Park, to assist wheelchair users to transfer safely in and out of boats. The hoist is free to use and is available to approved users who have attended a hoist safety induction session. Please contact Warrnambool City Council on 03 55594800 for session information.

Please note that the hoist is designed for lifting people in/out of boats and it is not designed for lifting wheelchairs. The hoist is to be used during daylight hours.

Accessible Parking
 Accessible parking spaces are identified on the map with these symbols.

Did you know...
 There are two types of accessible parking permit categories that can be issued to a person based on their need for assistance.

Category One: Blue
 A blue parking permit entitles a person to park in a parking area or bay designated for use by people with disabilities, for the time specified for that area.

Category Two: Green
 A green parking permit allows a person to park in any regular parking bay for twice the amount of time indicated by the sign.

Eligibility
 A person can be eligible for only one permit based on the assessment of their need for assistance.
 An "A" Permit is applicable to disabled drivers/passengers. A "B" permit applies to passengers only.

How do I apply?
 For more information, contact City Assist at Warrnambool City Council on (03) 5559 4800 or search the website: www.warrnambool.vic.gov.au/parking

Changing Places

Changing Places amenities are best practice design facilities which provide people with a disability access to bath-rooms that are large, safe, clean and accessible.

Each facility has an adjustable height, adult-sized changing bench, a tracking hoist system, and enough space for two people.

A Changing Places facility is located at the eastern end of the Lake Pertobe Adventure Playground.

The Warrnambool City Centre Mobility Map has been compiled to provide information for people with mobility issues who live in or visit our town to identify accessible features and better access their community.

Council is committed to promoting accessible and inclusive services for all people.

Warrnambool City Council
 25 Liebig Street
 Warrnambool VIC 3280
 Ph: (03) 5559 4800

While all attempts have been made to ensure accuracy, the information on the map is a matter of opinion and is not based on any legislative or statutory requirement. It should also be noted that access could change at any time.

Scooter Recharge Scheme

The recharge symbols on the map highlight locations where you can recharge the battery on your scooter or wheelchair whilst out and about in the community.

Recharge stickers are displayed on windows of participating businesses so you can easily find them.

Recharge stickers are also placed above or near the power points that are ready to use.

Further details can be found online at www.rechargescheme.org.au

SAFETY TIPS FOR SCOOTERS

- Stay within the legal speed limit of 10km/h
- Be seen – use a flag, wear bright or high visibility clothing, use lights and reflectors
- Use the safest route
- Share footpaths – warn pedestrians that you are coming
- Take extra care when crossing roads – don't assume cars will stop for you.

Recharge points are provided as a community service. Motorised mobility aids may remain on the premises for recharging at the owner's sole expense and risk. No liability whatsoever for loss or damage by theft or inclement weather will be taken by participating businesses or Council.
