Off-street

- █ Free parking

Free parking all day Sunday

Parking in Warrnambool

Council provides both free and metered parking spaces for short and long term parking in and around the city centre. All-day parking is available at several off-street car parks and along some streets however there are also time-limited spaces to help ensure there are spaces made available for shoppers. There are approximately 1000 free, all-day parking spaces available within walking distance of the city centre.

Parking for parents with prams

Accessible parking for parents with prams has been introduced in the Target carpark, Coles Centro carpark and Ozone Square carpark.

Free parking for Returned Service Personnel

A permit system has been introduced which enables free parking for people involved in a theatre of war or peace-keeping force. Permit holders must be residents of the municipality and have represented Australia in war service.

* This permit is only valid within the Warrnambool municipality. Application fees apply.

Disabled person's parking permit

Application forms are available from general practitioners or Council. Application fees and conditions apply. Parking in disabled bays in "off-street" carparks is free for current permit holders.

Permits are recognised elsewhere in Australia. Parking concessions may be different in other

States and Territories and you should check the conditions applying to the Disabled Persons Parking Scheme in the State or Territory you intend to visit.

Loading zones

Loading zones are to assist with moving of goods from vehicles in the City Centre. They must not be used for parking or loading/unloading by anyone other than people in a commercially registered delivery vehicle or a vehicle with the approved signage displayed. Motorists who are not eligible to park in loading zones will incur fines.

Pay to park using your smartphone

With the EasyPark app you can use your mobile phone to pay for parking.

The EasyPark app is an efficient way to pay for your parking, avoid parking fines, overpayment and parking meters. Using the EasyPark App is simple and gives you virtual control of your parking from wherever you are. Time limits still apply.

The EasyPark app is available in Apple, Android and Windows devices.
