Scan and include the diagram/sketch provided by applicant on the application form

Provide road reservation details (e.g. vegetation, surface material, surface condition, drainage)

STOCK CROSSING PERMIT APPLICATION FORM

General Conditions :

1. Signs and lights must be installed at the approved location(s) in accordance with the Manual for Traffic Control at Stock Crossings, the Code of Practice for Worksite Safety – Traffic Management and normal safe working practices having regard at all times to the safety of road users and the protection of property.
2. The applicant must bear all costs relating to the design, manufacture, installation and maintenance of the signs.
3. The applicant must maintain the sign(s) in a safe and clean condition to the satisfaction of the Warrnambool City Council.
4. Warrnambool City Council reserves the right to cancel this permit, and, without compensation, remove the sign(s) authorised under this permit if:
 - a. Any sign is not installed or maintained to Council's satisfaction; or
 - b. Any sign is considered by the coordinating road authority to be a safety hazard; or
 - c. Any condition of this permit is breached; or
 - d. The business for which this stock crossing permit was granted changes in operation significantly from the time of approval of this permit.
5. The applicant must not alter the approved sign face design without the written approval of the authorised officer of Warrnambool City Council.
6. The applicant must immediately notify Warrnambool City Council if he/she proposes to remove the signs and/or lights, at the permit holder's expense, if the stock crossing ceases to be required.
7. All necessary repairs and restoration to the road including the road reserve and ancillary works resulting from work or use shall be carried out to the satisfaction of, and at no cost to Warrnambool City Council.
8. Any existing operational drains within the road reserve affected by works or use shall be restored to the satisfaction of Warrnambool City Council.
9. All clearing of native vegetation, including trees and understory growth, shall comply with VicRoads, Warrnambool City Council, and the Department of Land, Water & Planning (DELWP) requirements including the State Section of all Municipal Planning Schemes.
10. The road pavement shall be kept free of animal excrement, excess dirt and mud and kept in a clean and safe trafficable condition.
11. In the event that works are required to provide a service, eg. Electricity supply across a road, a separate permit must be obtained for that work.
12. Failure to install any sign and/or lights to Council satisfaction within 90 days of the date of the permit will result in the cancellation of the permit.

I hereby apply for a Permit for the installation of a Stock Crossing in order to move an animal across an arterial road in accordance with the Manual for Traffic Control at Stock Crossings and undertake to observe the conditions general conditions outlined above.
