1. INTRODUCTION

1.1. Purpose

This Asset Management Policy defines the key principles that underpin asset management and supports Council's strategic objectives through the development and implementation of a corporate asset management framework. The framework is designed to ensure appropriate management of Council's assets to support the delivery of services that meet current and future community needs.

1.2. Scope

This policy applies to all Councillors, Council officers, Committees of Management, consultants responsible for asset management undertaken for or on behalf of Council. This can and will include persons involved in the creation, operation, maintenance, renewal, upgrade, expansion and disposal of Council assets.

Council recognises that the very nature of asset management requires input and interaction between all facets of the organisation, including units that do not have specific responsibility for managing assets but require Council assets in the delivery of services.

With a whole of Council approach to asset management, Council will establish the platform required for the sustainable and responsible management of Council's assets, based on services provided.

For the purpose of this Policy, an asset is defined as any physical item which has value, enables services to be provided and has an economic life of greater than 12 months. Items considered assets include Plant, Equipment, Property, Buildings, Facilities, Infrastructure, Commercial Investments, Natural and Heritage items owned or controlled by Council.

1.3. Intended Outcomes

This policy and the documents that support it will ensure;

- Understanding of the services Council delivers and the assets required to meet these services.
- All Council assets are adequately documented.
- Service and asset related risks are identified and managed appropriately.
- Sustainable management of assets.
- Roles and responsibilities of Council and its staff are defined.
- Compliance with legislation and regulatory requirements.
- Consideration is given to environmental impacts including climate change.

2. POLICY

Council is committed to applying appropriate asset management practices aimed at achieving = the lowest long-term economic and environmental cost, whilst delivering the best outcome for the community.

This will include a range of commitments which are outlined as follows:

- Council will comply with all relevant Standards, reporting requirements and legislative and regulatory obligations.
- Asset management will be service driven and will align with the strategic priorities and directions of the Council.
- Asset management will be integrated into corporate governance including enterprise planning, reporting and risk management frameworks and practices.
- In accordance with the Council Plan, Long Term Financial Plan, and Annual Budgets, provide quality infrastructure assets that support services that are appropriate, accessible, responsive, affordable and sustainable to the community.
- Manage the performance, risk and expenditure on infrastructure assets in a sustainable manner throughout their lifecycle, including through planning, design, development, operation, maintenance and disposal.
- Manage Council's capital, operations and maintenance expenditures within current revenues to optimise agreed levels of service and manage related risks and costs over the entire life of infrastructure assets.
- Decommission and dispose of assets that are under-utilised and no longer economically, socially or sustainably viable.
- Involve and consult with the community and key stakeholders in accordance with Council's Community Engagement Policy.
- Service delivery assets will be created, acquired, maintained and rehabilitated to enable the organisation to meet its strategic service delivery goals efficiently and effectively.
- Asset Management Plans will include processes and actions which provide accountability to deliver defined levels of service.
- Infrastructure investment decisions shall be made using a structured, transparent and consistent approach with consideration to whole of life costs to ensure appropriate allocation of resources
- Allocate appropriate resources to ensure Asset Management practices can be undertaken in a timely manner and 'life cycle' costs are optimised.
- Continue to seek opportunities for multiple use infrastructure assets.
- Continue to pursue external funding to support and maintain infrastructure assets to minimise the financial impact to the community
- Ensure that the roles and responsibilities of all asset owners, managers and users are well defined and understood. Reinforce and support asset management roles and responsibilities across the organisation at a functional level. The various key roles, responsibilities and delegations associated with service delivery and asset management is documented in the Asset Management Strategy.

- Invest in appropriate and timely asset management training and development programs for staff and Councillors as required.
- Council will support the implementation of the Asset Management Strategy and foster a strong asset management culture across Council through a cross functional Asset Management Steering Committee.

3. GOVERNANCE

3.1. Review

The Policy shall be formally reviewed and adopted by Council when developing its Council Plan, and within 12 months following Council elections.

The Policy will otherwise be monitored regularly to ensure its relevance in terms of community needs and expectations, Council goals and targets and statutory requirements. The Chief Executive Officer and Executive Management Team shall review compliance with this policy on a regular basis and report to Council accordingly.

3.2. Reporting

The Asset Management Steering Committee will report to Council annually through the State of the Assets Report, the report will include the following:

- Current status of assets across the organisation.
- Status of the renewal gap, and trend analysis.
- Summary of asset condition change over previous 12 month period.

The Asset Management Steering Committee will meet as required to discuss the following:

- Minutes of the previous Asset Management Steering Committee meeting.
- Current status of actions from the Asset Management Strategy.
- Summary of each of the Asset Management Plans, including trends, opportunities and risks.
- Council controlled infrastructure assets that are not identified as directly supporting an adopted Council Service Plan.

3.3. Compliance Responsibility

Council recognises that the nature of asset management requires input from, and interaction between, all facets of the organisation including areas that do not have specific responsibility for asset management but make use of Council owned or managed assets in the delivery of services.

The responsibilities and relationships associated with Asset Management within Council are:

3.3.1. Council

- To act as overall stewards for infrastructure assets that are owned or controlled by Council.

- To provide sustainable assets for the community by recognising and considering the full cost of Council acquiring, maintaining, renewing and operating assets throughout their lifecycle.
- To provide assets that deliver sustainable services to benefit the community to a level of service that justifies the costs of owning and operating these assets.
- To make decisions regarding assets that are made in accordance with the Council Plan 2021-2025 (revised 2023).
- To review and adopt the Asset Management Policy.
- To review and adopt the Asset Management Strategy.
- To approve appropriate resources for asset management activities in the Long Term Financial Plan and the annual budget.

3.3.2. *Executive Management Team (Chief Executive and Directors)*

- To foster and support the cross-functional Asset Management Steering Committee.
- To ensure that accurate and reliable information is presented to Council for decision-making.
- To ensure that adequate resources are provided to implement the approved Asset Management Strategy and Asset Plans.
- To continually promote Asset Management across the organisation and Council.
- To ensure that Asset Management Strategies and Asset Plans align and support the Council Plan objectives.
- To ensure alignment and compliance with Council's legislative responsibilities.

3.3.3. *Asset Management Steering Committee*

- To represent the key asset management functions e.g. Infrastructure Planning, Maintenance and Delivery, Finance, Community Engagement and direct service provision such as Recreation & Culture, Aged & Disability and Community Services.
- To monitor the development, implementation and review of the Asset Management Policy, Asset Management Strategy and Asset Plans.
- Ensure efficient and effective use of Council funds and optimising "life cycle" cost of all assets.
- Promote and raise awareness of asset management to the Council, staff, key stakeholders and the community.
- Provide feedback on draft recommendations and actions that are identified in various reviews including but not limited to internal and external audit reports.

3.3.4. *All Employees*

- Council staff who are responsible for the management, acquisition (including gifted assets), upgrade or disposal of any asset must perform their duties in accordance with the principles and values of this Asset Management Policy.
- Undertake actions as assigned and provide progress reporting to the Asset Management Steering Committee.

4. CHARTER OF HUMAN RIGHTS COMPLIANCE

It is considered that this policy does not impact negatively on any rights identified in the Charter of Human Rights Act (2007).
