3. POLICY

3.1 Policy Statement

WCC is committed to:

- i. Ensuring kindergarten places are allocated in accordance with the priority of access criteria as set out in this policy in a transparent, equitable and fair manner,
- ii. Compliance with relevant legislation, regulations and standards,
- iii. Compliance with the Department of Education (DE) funding requirements,
- iv. Maintaining confidentiality in all aspects of the registration and enrolment process.

3.2 Priority of Access Criteria

This criteria is based on the Department of Education Priority of Access criteria, feedback from the community and in accordance with the Municipal Association of Victoria guidelines.

High Priority Children (3 points):

- *Children at risk of abuse or neglect, including children in Out of Home Care,*
- *Children in Aboriginal and/or Torres Strait Islander families,*
- *Children in socially isolated families,*
- *Children eligible for the Kindergarten Fee Subsidy,*
- *An application referred from a third party agency,*
- *Children in families from a non-English speaking background,*
- *Children in families which include a disabled person,*
- *Children with Additional needs, defined as children who:*
 - *Require additional assistance in order to fully participate in the kindergarten program,*
 - *Require a combination of services which are individually planned,*
 - *Have an identified specific disability or developmental delay,**(Refer to DE website Priority of Access criteria for further information).*
<https://www.vic.gov.au/priority-access-criteria>

Other Priority (1 point): (only considered for your first preference)

- For continuity of care, children who have attended one of the following programs at the preferred kindergarten (your first preference):
 - Early Start funded placement,
 - WCC Early Learning Centre/s Care and Education,
 - WCC 3 Year Old Kindergarten,
 - WCC 4 Year Old Kindergarten.

Other Priority (1 point):

- Children who are living within the Warrnambool City Council municipality.

Other Priority (.5 point):

- Children whose parent/s/guardian/s work or study within the Warrnambool City Council municipality, but don't reside within the Warrnambool City Council municipality.

3.3 Group Allocation

WCC reserves the right to determine group allocations based on, but not limited to, the following:

- Total numbers,
- Children with additional needs,
- Children requiring a second year of kindergarten,
- Early Start funded placements.

3.4 Kindergarten Model

The proposed model may change based on the number of Registrations and Enrolments received, therefore resulting in an increase or decrease in the number of groups offered or the creation of mixed age groups.

3.5 Request for Review Process

A Request for Review process will be considered for families with exceptional circumstances, please see below what meets the exceptional circumstance criteria.

The request for review will only be accepted following completion of the allocation process. A form will be available on the Warrnambool City Council website, dependent on there being kindergarten places available. These will be mediated by the Manager Children's and Family Services. All requests for review will be responded to in a timely manner.

Exceptional Circumstances: are events or problems which you did not expect, and which stop you being able to perform to the best of your abilities.

Examples of exceptional circumstances are:

- Child and/or parent with a life threatening or debilitating illness or disease;
- Court orders that limit choices for kindergartens;
- A child at risk of serious abuse or neglect;
- Exceptional circumstances do not include transport as the sole criteria.

This process will not displace another eligible child who has already been allocated a kindergarten place.

3.6 Children less than four years of age requesting early entry to school

If a child is less than four years of age by 30 April in the year they are to attend a funded kindergarten program and the child is deemed gifted, the parents must first request approval for early school entry for their child to attend school in the following year. Requests must be made in writing to the appropriate Departmental regional office in accordance with government school entry processes, or directly to the non-government school that the child will be attending. It is unlikely that the regional office or the non-government school will be able to determine the outcome of the request for early school entry, until close to the school commencement date.

Families need to be aware that their child is not guaranteed early school entry as a result of being enrolled to attend a kindergarten early. Early school entry must be approved by the appropriate Departmental Regional Director. It is only granted in exceptional circumstances when there are strong grounds for believing long term educational disadvantage would otherwise occur.

Most applications for early school entry are unsuccessful and children granted early entry to kindergarten, are **not eligible** to apply for another year of funded kindergarten in the following year, if the child does not attend school.

A copy of the written request for early school entry must accompany the child's application for kindergarten registration. WCC must sight this request and include a copy in the child's enrolment record. If the family has previously been a client of another WCC service eg. Maternal & Child Health, WCC Three Year Old Kinder, a letter of recommendation from each of these services will also be needed to support the application for early entry. It is WCC policy that families requesting early entry to kinder that have the completed necessary paper work and recommendations, if applicable will be placed after all other offers are made and only if there are places remaining will an offer be made to the family.

<https://www2.education.vic.gov.au/pal/enrolment/guidance/school-age-requirements>

3.6.1 Determining if my child is ready for kindergarten

Children who turn 3 years old on or before April 30 are eligible to attend a three year old kindergarten program. Each child develops at his/her own rate and although your child's age may make him/her eligible to start kindergarten, other factors may impact on his/her readiness for this experience. You are encouraged to consult with relevant childhood professionals eg: Maternal and child Health Nurse, kindergarten or prep teacher, early years therapist/s or support services working with your child/family for guidance, as your child will be expected to complete a full year of kindergarten once they begin attending. State Government funding is limited to one year for each child (unless your child is eligible for an Early Start Kindergarten grant or a second year of funded kindergarten).

3.7 Children turning six whilst attending Kindergarten

If your child will turn **6 years of age (compulsory school age)** before or while attending their **first or second** year of funded kindergarten, you must obtain an exemption from attending school. Parents/guardians are responsible for seeking this exemption by applying to the Department of Education using an *'Exemption from school due to attendance in a kindergarten program'* form.

<https://www.vic.gov.au/going-kindergarten-if-your-child-six-years-old>

3.7.1 First year of funded 4 year old kindergarten

A parent/guardian may apply for an exemption from school for a child turning six before or during their first funded year of 4 year old kindergarten if one or more of the following circumstances apply:

- the family has moved from interstate or overseas where the school entry age criteria are different from those in Victoria,
- the child's early education has been delayed due to chronic illness, disability or development delay,
- the child is a refugee/asylum seeker who has suffered trauma and would benefit significantly from a year of kindergarten before enrolling in school,
- the child has not been able to access kindergarten previously due to transient family circumstances, or
- other special considerations.

The parent/guardian is required to obtain written confirmation from a relevant professional (e.g. kindergarten teacher, medical practitioner or an allied health professional) verifying the reason for exemption and why it is in the child's best interest to attend kindergarten rather than commence at school. A copy of this written evidence and any other written advice that supports the child's exemption from school, must be attached to the *'Exemption from school due to attendance in a kindergarten program'* form.

3.7.2 Second year of funded 4 year old kindergarten

A parent/guardian may apply for an exemption from school for a child turning six before or during their second funded year of 4 year old kindergarten, if a '*Declaration of eligibility for a second year of funded kindergarten*' has been submitted by the early childhood teacher in the Kindergarten Information Management system (KIMS). This Declaration confirms the child is eligible for a second funded year of 4 year old kindergarten because an assessment by an early childhood teacher has identified developmental delays in two or more key areas of development.

3.7.3 Exemption application process

The completed '*Exemption from school due to attendance in kindergarten program*' form must be forwarded by the parent/guardian to the Area Executive Director of the relevant Department of Education regional office, by 1 November in the year before the child turns six.

The Department will provide written confirmation of the decision to the parent/guardian following consideration of the request.

The parent/guardian must provide a copy of the Department's decision to the child's kindergarten service as evidence of eligibility for kindergarten per capita funding.

Please note that the nominated parent/guardian has the option to withdraw the school exemption request.

3.8 Children who have already received a funded year of kinder

Children who have been identified as already receiving a funded year of 4 year old kinder and have not been approved for a second year of funding through the DE, can apply for a kinder place but will be placed last after all other offers are made and only if there are places remaining will an offer be made to the family for a non-funded kinder place. The kinder place will be a non-funded place and the family will be charged fees according to a non-funded place.

By submitting an application form, families are agreeing to have a file created. This file includes details provided on the application form. These details are processed by relevant WCC Staff, recorded and provided to the nominated kindergarten/s.

4.1.8 Nominating Kindergarten Preferences

On the application, kindergarten preferences are to be numbered according to your preference with number 1 being your first preference. If all options are not numbered and WCC is unable to offer families a place in one of their nominated preferred kindergartens, WCC will randomly allocate children to a group.

4.1.9 Offers

- For all offers, Warrnambool City Council will contact families in writing.
- Families are required to reply by the specified date in the 'Letter of Offer'.

4.1.9.1 Accepting an Offer

- The family will be contacted in writing and offered a place.
- If families wish to accept the offer they are required to complete the response form within the timeframe indicated on the 'Letter of Offer'.
- WCC records the response as accepted.
- A placement will be held vacant for a child for a maximum of one term only. If a child does not return to kindergarten after an absence of one term, the enrolment will be cancelled.

4.1.9.2 Accepting an Offer and Requesting a Transfer

- If you receive kindergarten preference 1-5 your choice is to either accept or decline the offer.
- If you receive your 6-14 kindergarten preference for 3 year old kindergarten or 6-16 kindergarten preference for 4 year old kindergarten, families have the option of electing to go on a Transfer List for one other preferred kindergarten group. However you must accept the kindergarten place offered to be eligible to go on the Transfer List.
- We will contact you should a place become available, however a transfer is only available if places become available in your preferred kindergarten, so a transfer is not guaranteed.
- At the end of Term 1 no further transfers will be made unless extenuating circumstances exist.

4.1.9.3 Declining an Offer

- An offer is considered to be cancelled if the family declines an offer and/or if the family fails to respond to a 'Letter of Offer', within the timeframe indicated on the 'Letter of Offer'.
- If the offer is declined and families wish to register their child for the following year they will be required to complete a new application, when registrations for the following year open.

4.1.9.4 Cancelling Enrolments

- Families are to contact WCC to complete the Kindergarten update/cancellation form if they wish to cancel their child's enrolment.
- If you don't complete your online enrolment by 30 November, it will be considered you no longer need your place and your place will be cancelled.

4.1.10 Additional Needs

A number of places are allocated at each kindergarten for children with additional needs. To access these places children with additional needs will be assessed using the same priority of access criteria as applied to other applicants. If the priority of access weightings return an equal result, a decision will be made based on the specific needs of the individual children.

5. ENROLMENT AND ORIENTATION PROCESS

All families will receive the following information during the kindergarten enrolment process;

- Online Kindergarten Enrolment, completed on the XAP platform,
- WCC Kindergarten Parent Handbook,
- WCC Transition to Kindergarten form.

Families must complete the online Kindergarten Enrolment on the XAP platform by 30 November or your place will be cancelled.

Families must complete the 'Transition to Kindergarten form' and where relevant provide any medical plans or family custody plans prior to their child's commencement date.

The children will be invited to an orientation visit in December. Parents will be encouraged to discuss any separation concerns or the need for an individualised orientation program for their child on this day.

Families will be encouraged to make an appointment with the kindergarten teacher if there are any matters of a sensitive nature that they need to share with the kindergarten team. This may include custody plans, medical plans, risk minimisation plans, behavioural issues or separation anxieties.

The kindergarten teacher will read the Transition to Kindergarten forms prior to the children's kindergarten commencement, to assist the children with the transition process.

Families will be encouraged to communicate with the kindergarten staff regarding their child's settling and strategies may be implemented to assist children who may be having difficulty settling into the kindergarten program. Strategies may include a family member staying with the child, attending for shorter session times or bringing in a comfort toy, as agreed on by the child's family and kindergarten staff.
